

## BEST POSLAM ADS NOT PRINTED

Yet More Extensive and Far Reaching Than All Others.

The best advertisements for poslam, the new skin remedy, are those which never see the light of publicity in newspaper columns. They are the words of recommendation passed to others by thousands of persons who have experienced the most remarkable cures of eczema and every variety of skin disease through its use. Because it has thus justified every claim of its discoverer and the expectations of its users, poslam enjoys a sale larger than that of anything yet offered for skin troubles.

Those benefited know the marvelous efficiency with which it effects complete cures in two weeks, stopping all itching with very first application. Acne, tetter, salt rheum, piles, scaly scalp, crusty humors, barbers' and all other forms of itchy skin, red nose, blemishes, such as pimples, red nose, muddy and inflamed skin, disappear when treated with poslam, the complexion being quickly cleared.

All druggists, including Lee & Osgood's and Smith's Drug Store in Norwich, the Lanes Drug Store in Putnam, the Woodward Drug Store in Danielson, the Chesbro Drug Store in Willimantic, keep the 50-cent size (for minor troubles), as well as the regular \$2 jar.

But no one is even asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

## SUED SHERIFF TUBBS.

Mrs. H. M. Peck Replevined Horse, Harness and Dump Cart.

A suit of replevin was brought on Thursday by Mrs. Hannah M. Peck of Waterford against Sheriff J. H. Tubbs. Mrs. Peck replevined one horse, a set of harness and a dump cart.

Some time ago Burr Brothers of New London brought suit against Mrs. Peck's son, claiming that he had sold them a horse which was not at replevin. In the court of common pleas judgment was given Burr Brothers for an amount approximately \$100. Sheriff Tubbs attached the horse, harness and cart, believing that Mr. Peck's property, to satisfy the judgment.

Mrs. Peck claims in her suit that the property is hers and was when Burr Brothers began their suit. She asks possession of the property and claims damages of \$100. The suit is returnable to the court of common pleas the first Tuesday in September.

## An Inspired Chinese Boycott.

If the people of the Pacific Coast should take the Chinese seriously and decide to retaliate upon the international boycott declared by the League of Justice, could there be any doubt that the Asiatics would get a salutary lesson? Or, should the federal authorities take cognizance of the conspiracy against peace and order and set about enforcing the laws pertaining thereto, would not the plight of the amazingly bumptious aliens be still worse?

The boycott is heralded as a movement in America to influence the people of China to put a ban on all American products, but the reasons set forth in taking such action are so perverse as to create the impression that the movement really had its origin in China where the anti-foreign agitation is again rampant; that, in fact, an appeal has come across seas to the Chinese in America to take a hand in the boycott for the hostile attitude of the League of Justice logically calls for the boycotting of American goods by the Chinese residing among us. Any other explanation is as misleading as the name of the organization. Looked upon in this light, it might be as well for the pending developments, to regard the San Francisco ultimatum merely as a perfunctory response to an appeal from the other side.—Washington Post.

## YALE PRACTICING TWICE DAILY

Stroke Wallis Back in the Boat—New Shell Worked Well—Advisor Curtis at Gales Ferry.

All the Yale crew were out on the Thames twice Thursday, the evening practice lasting longer than the morning and being more satisfactory, due to the smoothness of the water, the river in the morning being exceedingly rough. Tied down by examinations during the afternoon, the crews took a water-ski soon after six o'clock, the freshmen eight getting away first for a two-mile row upstream and return in easy stretches at a 34 stroke, which

shoulder was injured in a practice row at New Haven, rowed stroke on the first four when Yale crews left their quarters Wednesday for the morning work.

The varsity fours are now rowing as follows: First four—Stroke, Wallis; 3, Van Blarcom; 2, Bogue; bow, Therne; coxswain, Copp.

Second four—Stroke, Patterson; 3, Newman; 2, Jeffrey; bow, Brainard; coxswain, Bennett.

The varsity eight followed the freshmen going down the river for three miles and return in two stretches. A stroke which was raised to 32 during the latter half of the return. A new shell was used and seemed to be satisfactory. Coach Kennedy followed the shell in the launch.

The two varsity fours and the freshmen four, the last having a start of several lengths, raced down stream for a mile for the four strokes. The varsity eight stroke, who has been laid up with a strained shoulder, winning by several lengths. Among the visitors Thursday was Julian W. Curtis, the crew's advisor.

Examinations began with the arrival of Mr. Durfee from New Haven, to take charge of them. All the men are in good health.

## Harvard May Come Early.

While officially it has been given out that Harvard will not reach Red Top until June 12, it will not be surprising if the Crimson oarsmen come along a little earlier. Catorer T. J. Phelps was down from Boston Wednesday, bringing his assistants with him. Mr. Phelps returned to Boston at work preparing the quarters.

Four new portable cottages are to be sent to Red Top, where it is understood they will be erected for the use of the Harvard men.

## JUDGE PLATT WILL NOT SET VERDICT ASIDE.

Judgment Entered Against Colchester Paper Manufacturer for \$5,000.

Judge James P. Platt of the United States circuit court has denied the motion to set aside the verdict in the case of Albert Hilgitz, of Milwaukie, Ore., against Howard C. Brown, who has a paper mill at Comstock's Bridge in Colchester. Hilgitz was injured in the mill and became lame for life.

Recently in the court of this city, a jury awarded him \$6,000 and the motion to have the verdict set aside was argued before Judge Platt on Tuesday. In his memorandum of decision denying the motion Judge Platt says: "On the whole, this case is an interesting example of the practical workings of our jury system. As long as the system prevails I shall not of my own free will and accord, arrange to myself the final decision of such a state of facts as were here presented. Let the motion be denied and judgment entered on the verdict."

## THIRTY-SIX INDICTMENTS, NINETEEN PERSONS INVOLVED.

Alleged Graft in Conduct of Schenectady County Affairs.

Schenectady, N. Y., June 2.—Thirty-six indictments, involving nineteen persons, seventeen of whom were arrested and admitted to bail, is the sum of the work accomplished by the extraordinary term of supreme court which was called May 18 by Governor Hughes to investigate alleged graft in the conduct of the affairs of Schenectady county. The grand jury reported today to Justice Charles Van Kirk, designated by the governor to preside over the term. Governor Hughes designated Virgil K. Kellogg of Watertown to act as special deputy attorney general in preparing the evidence for the grand jury.

The men arrested today upon bench warrants pleaded not guilty in each case and were admitted to bail.

Two of the men for whom bench warrants were issued have not been found. The others, however, were found without difficulty.

Justice Van Kirk has set June 13 as the date for trying the cases. The bail in the felony cases was fixed at \$2,000 and for the misdemeanors at \$500.
